CERTIFIED MAIL - RETURN RECEIPT REQUESTED

July 22, 1992

Michael Keller
Burlington Environmental Inc.
2203 Airport Way South
Suite 400
Seattle, WA 98134

Dear Mr. Keller:

Re: Issuance of the RCRA Final Facility Permit for the
Burlington Environmental Inc. Pier 91 facility

Please find enclosed the Final Facility Permit for the Burlington Environmental Pier 91 facility. This Permit will be effective as of August 26, 1992 unless there is an appeal filed with the Pollution Control Hearings Board pursuant to WAC 173-303-845. If an appeal is filed, the effective date of the appealed permit condition(s) may be stayed. In such a case Burlington Environmental must follow applicable interim status standards pending final resolution.

Also enclosed is a summary report of comments received during the public comment period and Ecology's responses to those comments. As you will see, all of Burlington's concerns have been addressed and many of your suggestions were incorporated.

This letter also serves to inform you of Ecology's final decision to accept the Demonstration of Compliance with the Siting Criteria for the Pier 91 facility. No public comments were received regarding the tentative decision to accept the Demonstration of Compliance. No comments were received on the Draft Determination of Non-Significance (DNS) either. Consequently, the DNS is final, effective June 11, 1992.

A copy of the permit will also be maintained at the Ecology Northwest Regional Office. Future inquiries to Ecology regarding the Pier 91 facility Permit should be directed to Galen Tritt at the Northwest Regional Office, phone 649-7280.

Sincerely,

Cindy J. Gilder
